A Word

From the Editors

We, the Wildcat Staff, take pride in presenting to you the 1965 edition of the Wildcat. Within these covers are glimpses caught here and there, so that in years to come memories of the "good ole days" at Peter G. Appling High School will not be forgotten. The candid shots revealed in this book are yours. You made them; we preserved them.

"... Departing we leave behind us footprints on the sand of time."

"May this year's Wildcat be a constant and pleasant reminder of the bonds which exist between you and your friends as well as you and your Alma Mater"

*Wildcat
Staff*

Dedicated To

Because of his untiring efforts and his sincere interest in the youth of our community, the yearbook staff has dedicated "The Wildcat" to Mr. J. L. Early, Athletic Director of Peter G. Appling High School.

After receiving his basic training at Fort Hill School, presently, M.M. Burdell, and Hudson High Industrial School, he furthered his education at Georgia Baptist College and the Fort Valley State College where he received a B.S. degree in Health and Physical Education. In his quest for knowledge, he studied at Mercer University and the graduate division of the Fort Valley State College where he is pursuing a Master's degree in Guidance and Counseling.

Love of youth has always been evident in Mr. Early's life, for even as a student, he helped with the athletic activities of his school and after graduating, coached the basketball and football teams of his Alma Mater.

Of his many activities, participation in the activities of his church take precedence. As a member of Grey's Chapel A.M.E. Church, he has served as superintendent of the Sunday School for eighteen years and is a member of the Stewart and Trustee Boards, clerk of the church, class leader, layman of the East Macon District, and layman of the Macon, Georgia Conference.

His contribution of more than thirty years in scouting and coaching has awarded him numerous citations, locally and state-wide.

"Activity is the only road to Knowledge"

George B. Shaw

Serving as director of Grey's Hill Municipal Pool for fourteen years, he is widely known and well-liked by the citizens of this community.

Teaching First Aid for the National American Red Cross, working with the National Foundation for the March of Dimes, serving as Commissioner of officials and Corresponding Secretary of the Georgia Interscholastic Association for district four, and membership in the Southern Coaches and Official Association, acclaim his leisure hours.

Fraternal and social organizations are a part of his active life. He is a thirty-third degree Mason of the F.&A.M. Central City Lodge Number twelve, and past president of Monseigneur Et Madame Social and Civic Club of Macon.

It is because of the fulness of Mr. Early's life and his community wide service, that we dedicate this book to him, with hopes that many will be inspired by his zealously and emulate his active life.

GREETINGS

As usual it is a sincere pleasure for me to greet you in the edition of the school annual, and to share in the reminiscences of your high school days.

You must consider yourselves fortunate to have reached this level of achievement in your lives since some two hundred and fifty students who entered Appling High School with you in 1960 are no longer counted among your ranks. Yet, I challenge all of you who remain to prepare yourselves to enter the doors of opportunity now opened to you and leave those doors confidentially prepared as a credit to yourselves, your school, your state, and to your nation.

I specifically encourage those of you who are capable and interested to pursue careers in medicine and dentistry, and then intently reflect upon filling in the vast vacuum that is being created in this section of Georgia. We must attempt in some way to relieve this condition where there is a scarcity or inadequate number of prepared people in the medical profession to serve over forty thousand people. The challenge is great and the rewards are even greater.

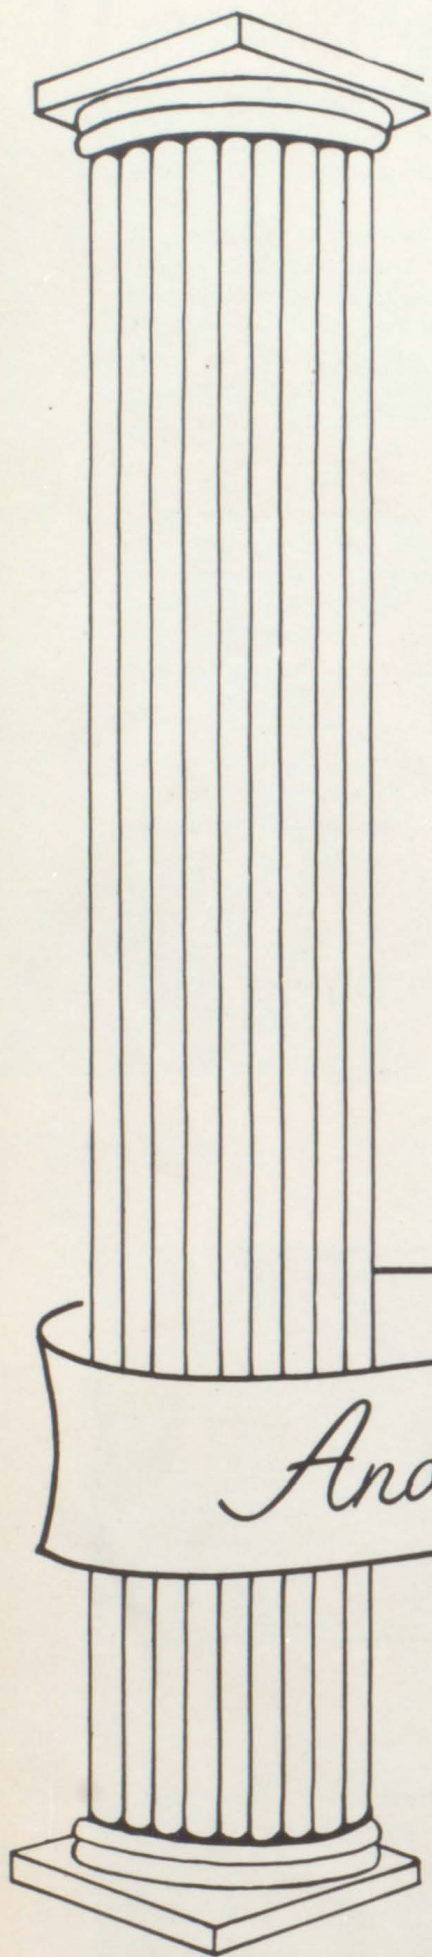

This age in which you now live demands of you the highest principles and ideals that you have learned in school and church. Hence, when the days of reflection are upon you, it may be recalled, "I was challenged, I accepted, and

now I serve my fellowmen in humility, in dignity, and in honor. No greater reward can I ever receive than to be able to say that I served my people well."

As the years advance, and as you review the 1965 edition of "THE WILDCAT" the faculty and I trust that you will have realized some of your dreams, and that all of you will be able to identify each of your classmates as responsible contributing members to society rather than liabilities.

The Student Teacher

"Student Teaching is a job which involves much knowledge, much perservance and much more patience. It is not easy for a college student to step out of the classroom and immediately take charge of 30 or 40 elementary or high school students. But this is exactly what a student teacher must do. He must be prepared to face any problem and come up with a solution- a good solution. He must be prepared to take full responsibility which is soon to come. But, of course, there is the time to look forward to when the title "student teacher" is exchanged for "TEACHER," and one realizes that all the work has been well worth the reward."

The Supervising Teacher

"The supervising teacher is Billy Graham, Emily Post, and Lassie, blended into one. Like Billy, he is a model teacher; like Emily, he knows the right thing to do at the right time; like Lassie, he listens, understands, and loves.

To the student teacher he is a storehouse of teaching tricks. He can operate the most obstinate mimeograph machine, can remember the most helpful data on students, and make the

most difficult record-keeping system seem simple. Too, he has discovered not only how to evaluate and where to observe, but also which is the shortest route to the cafeteria.

His shoulders are straight with the pride of his profession; yet they are wonderfully soft to cry on. His handshake is reassuring. His "know-how" and his wealth of ideas and materials, coupled with his willingness to share, mold him into that priceless commodity, the friend.

With a guiding hand he suggests, criticizes, helps. At times he deliberately allows his student teacher to make mistakes. But even then, the reason for such actions is obvious; for, in addition to being a friend, he bears also the equally important title - TEACHER."

Education Pays Dividends

... in Better Human Relations

... in Better Communities

An opportunity to learn is the birthright of every American child, a promise fulfilled by our public schools.

The creation of these schools is a stirring epoch of our national life.

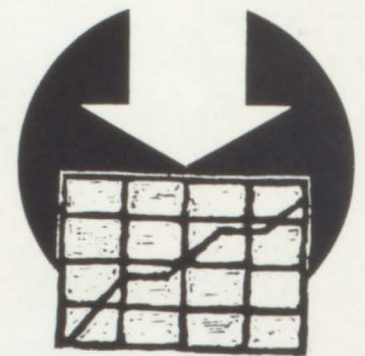

Each day the American flag along with the United States and Georgia flags were flown, each class submitted Education Week Posters depicting some phase of the national theme.

Bulletin boards were decorated appropriately. Each class designed invitations to send to parents. Many parents responded to this invitation and came out to witness our open house and chapel program.

A schedule was worked out in order that groups of students could attend various lectures held in the library each day during the week.

To climax the week, pastor J. Paul Monk, the efficient pastor of the Spring Street Tabernacle Church, brought a most inspirational and dynamic message to the Faculty and Student body.

Mrs. M. D. Fonvielle served as general chairman of all activities.

Tennessee State Band Honors Macon with a Superb Appearance

On Thursday October 22, 1964, we were honored with the appearance of "The Aristocrat of Bands", nationally famous Tennessee A. and I. State University Marching Band.

The band is noted for performing intricate dance steps while playing equally difficult music.

To this group: the band members, directors, and chaperons, words of gratitude and sincere thanks can not be adequately expressed to you for the entertainment particularly favored by the performance of your superior-rated college marching band.

The Macon public gratefully received the Tennessee Band and welcome your return.

BASKETBALL 64-65

Peter G. Appling enjoyed the best season in the history of the school. Posting an 18 win and 7 loss record. They lost their first game but settled down to win nine straights. They deployed a deadly offensive attack. The fast break which gave them a total of 1789 points and a game average of 78. Our hats off to coach Roy Robinson for a job well done.

GEE Pete, this marble game isn't so exciting with the rest of the boys in school. I think I'll go to school tomorrow.

PETER G. APPLING

HIGH SCHOOL

A photograph of Peter G. Appling High School. The main building is a two-story structure with a dark brick facade. The name "PETER G. APPLING HIGH SCHOOL" is mounted on the brick wall in white, capital letters. To the right of the brick section is a modern wing with large glass windows and a flat roof. A tall flagpole stands in front of the modern wing. The foreground features a grassy area and a curved concrete path. The sky is blue with scattered white clouds.
